SAWSSA

SOUTH AFRICAN WATERLESS SANITATION SYSTEMS ASSOCIATION

COMPANY PROFILE

THE SOUTH AFRICAN WATERLESS SANITATION SYSTEMS ASSOCIATION (SAWSSA)

Hello
And Welcome

THE SOUTH AFRICAN WATERLESS SANITATION SYSTEMS ASSOCIATION (SAWSSA) is a dedicated organization committed to promoting **sustainable sanitation solutions** across South Africa. We focus on advocating for best-built practices, as well as the **proper service and maintenance of waterless toilet systems.**

Our mission is to improve sanitation standards while supporting environmentally friendly alternatives that **conserve water and promote hygiene,** especially in areas where traditional systems are not viable.

Our Vision

To become South Africa’s leading authority in **waterless sanitation,** driving innovation, education, and sustainable practices nationwide.

Our Mission

- To advocate for high-quality installation standards in **waterless toilet systems**
- To promote **proper maintenance** and servicing practices
- To educate communities, businesses, and government sectors on **sustainable sanitation solutions**
- To support the growth and regulation of the **waterless sanitation industry** in South Africa

Membership

We invite companies, organizations, and professionals within the sanitation sector to become part of
THE SOUTH AFRICAN WATERLESS SANITATION SYSTEMS ASSOCIATION (SAWSSA)

By joining the association, members gain access to industry support, expert guidance, and a platform that promotes credibility and growth within the waterless sanitation space.

Benefits of Membership

- Access to professional consultation and advisory services
- Participation in training and capacity-building programs
- Alignment with recognized industry standards and best practices
- Increased credibility through association affiliation
- Opportunities for networking, partnerships, and industry collaboration
- Ongoing support in system maintenance and compliance

What We Offer

Industry Advocacy

Promoting best practices and standards within the waterless sanitation sector

Consultation & Advisory

Providing expert guidance on installation, system selection, and compliance

Training & Capacity Building

Educating technicians, organizations, and communities on proper use and maintenance

Monitoring & Support

Ensuring systems are maintained correctly for long-term efficiency and hygiene

MR MAHUBANE MOELA

PRESIDENT OF THE SOUTH AFRICAN WATERLESS SANITATION SYSTEMS ASSOCIATION (SAWSSA)

Our Leadership

The association was founded by **Mahubane Moela**, a seasoned professional with over **15 years of experience** working with waterless toilet systems.

His extensive industry knowledge and hands-on expertise drive the association’s commitment to excellence, sustainability, and innovation in sanitation solutions.

Our Commitment

We are committed to **improving sanitation** across South Africa by promoting reliable, efficient, and environmentally responsible **waterless toilet systems.** Through education, advocacy, and expert support, we aim to create **lasting impact** in communities and industries alike.

Why Choose Us

- Extensive industry experience
- Strong focus on sustainability and water conservation
- Commitment to quality standards and best practices
- Community-focused and impact-driven approach
